3. Can I use the foreign currency and Credit cards on the way in any shop or Lodge?

You can pay by foreign currency as well, but the exchange rate will not be same as Kathmandu, so we recommend you to exchange the money in Kathmandu and take Nepalese Rupees. In mostly lodges they accept the credit cards but sometime due to internet problem it will not be 100% guarantee.

4. Is there any internet wifi facility on the way?

After your arrival in Kathmandu airport, we recommend to buy One Ncell sim card. In Everest region until Panboche Ncell 4G works very well. Above Panboche there is good internet facility of Everest link. There are varieties of data cards as 10 GB, 20 GB. If you purchased bigger one it works all over the Khumbu and if you purchase 20 GB one it is enough for your whole trek and you can enjoy in social media, news and connect with your family friends and loved one.

5. What about the flight from Kathmandu-Lukla and vice versa?

Just about 25 minutes flight from Kathmandu takes us to Tenzing Hillary airstrip in Lukla but due to some circumstances, these days the flight to Lukla are operated from Ramechhap, which is 4 hours drive from Kathmandu and 15 min by flight to Lukla. There are options to fly by helicopter directly from Kathmandu to Lukla as well, which is bit expensive than regular flight. Sometimes the weather doesn't permit for the regular flight, then we should be compelled to hire the helicopter. The airlines companies have operated the first flight to Lukla directly from Kathmandu, so if you book your trip with us prior to 3 months, we can book the seat for direct flight.
